# Mark Lemenager Memorial Scholarship Animal Application

*Due no later than Friday, March 3<sup>rd</sup>, 2023*

In 2016 the Yuba-Sutter Fair Board of Directors created the Mark Lemenager Scholarship in honor of a great man and Yuba-Sutter Fair volunteer – Mark Lemenager. Mark was a huge part of the Yuba-Sutter Fair for many years, supporting the staff with setting up the fairgrounds in the livestock area, supporting kids on auction day, and helping to make sure the livestock area was running smoothly. Mark was a hard-working man and a great role model for the youth in our community.

## Scholarship Animal General Rules & Requirements

1. The 2023 Mark Lemenager Scholarship Animal is a market hog.
2. Application and all attachments are due to the Yuba-Sutter Fair office by 5 pm, Friday, March 3<sup>rd</sup>, 2023.
3. The goal is to raise a quality market animal to show at fair and sell in the auction. The money raised from this animal will be used for the Mark Lemenager Memorial Scholarship Fund.
4. This animal **does not** take the place of the individual's own market animal.
5. The animal and feed will be supplied, so there is no cost to the individual raising the animal. In fact, the student selected will receive a check for \$250.
6. The applicant must provide a sufficient (according to the selection committee) pen to house the animal, including feeders, waters, shade, etc. The committee will come to see the facility.
7. There will be a committee member that oversees the project. You can contact them if there are any problems with the scholarship animal. The committee member will also make periodic visits to check on the project's progress.
8. Raising the scholarship animal has the same responsibilities as raising any other show animal. This includes working with the animal so it can be shown properly at fair time. During the fair, it is the responsibility of the individual to feed, water, and care for the animal, including keeping the pen clean. Bedding will be supplied.
9. Transportation to the fair will be determined between the committee and the applicant.
10. The scholarship animal will have its own designated pen during the fair with signage indicating it is the Mark Lemenager Memorial Scholarship Animal. The applicant is encouraged to create signage with their name and a few specifics about their experience raising their project animal which will be displayed at either the pen or at a designated area at the livestock office.
11. The individual will have a contract with the fair for the duration of the project. It will be signed by the individual, the parent/guardian, the applicant's individual project leader and a Mark Lemenager Memorial Scholarship committee representative.
12. The market hog is being donated by Ottenwalter show pigs.
