- There should be evidence of teamwork between the dog and handler, but perfect "heel position" is not required. The team starts with 100 points, and the judge deducts points for mistakes such as a tight leash, crooked sits, or performing an exercise incorrectly. There is no time limit and the team moves at their own pace, however at competition level, the performance is timed, and in the event of a tied score, the fastest team wins. The judge expects to see the dog demonstrate willingness and enjoyment. Unlimited communication between handler and dog is encouraged. Handlers may give multiple commands and signals but may not physically guide or correct the dog. Food or toys are not permitted in competition.
