## Yuba-Sutter Fair Junior Livestock & Vocational Projects Auction

Saturday, June 27th, 2026 at 9am

Complimentary Buyer's Lunch available starting at 11am

## The Bottom Line

The cost of a 4-H or FFA animal project is higher than that of commercially produced livestock because of the added initial costs of purchasing a stock show animal and the individual attention given to that animal's development. Jr members dedicate hundreds of hours caring for their project while learning valuable life skills along the way. These economic and beneficial factors associated with the livestock project deserve a premium price. The price paid above the "break even" cost will allow the exhibitors to earn a profit margin that can be reinvested into next year's project and/or saved for college funding.

### Exhibitor's Financial Bottom Line

	Hog	Lamb	Steer
